

Mark Azzopardi

Mark Azzopardi is a mechanical engineer with a master's in environmental diagnostics. He is a member of the Institute of Environmental Management & Assessment and until recently he headed the sustainability team at Tuning Fork, and has experience supporting clients with ESG, operations, business development and compliance. He has held senior positions in both the private and public sectors in fields as varied as manufacturing, corporate services, asset management, family office, compliance/AML, investment promotion and waste management. Mark has been active in financial services since 2011. He is a member of the Chartered Institute for Securities & Investment and of the Institute of Directors. He currently holds 3 director positions with entities regulated by the MFSA, a Fund Custodian, an article 8 (SFDR) Alternative Investment Fund and a Corporate Services Provider. He is also involved on a voluntary level with the Association for Gender Equality, Julian's Pathfinder Foundation and the FIDEM Foundation. Mark is the co-founder of Working Town, an aspiring social enterprise focussed on ESG support and on organising events for business with ESG-related themes.
